

Activate or Register Your New Raven Product

Activate your full agricultural automation capabilities with Raven. Completing product activations for your new Raven products ensures that your technology is operating at full capability with full warranty protection.

Hardware Key Activation

Activate your hardware to use unlocks and advanced features.

To complete Hardware Activation:

1. Visit <https://atdregister.ravenind.com/register.aspx>.
2. Select the product that you're using.
3. Enter in your registration code information from your product/dealer.
4. Download the activation key.
5. Enter the activation key back into your Raven product, activating it.

Warranty Registration

Register your product to ensure you are covered in case of product faults or defects.

1. Visit <https://portal.ravenprecision.com/RavenProductRegistration/ProductRegister>.
2. Fill out the form with your product information.
3. You will be emailed a confirmation of warranty registration. Save this email for your records.

Successful Product Registration

Slingshot® Hardware Activation

Activate Slingshot® on your Field Hub 2.1, Viper® 4, CRX field computer, and/or RS1™ to get the most out of your subscriptions.

1. Visit <https://activation.ravenslingshot.com>.
 - a. *Note:* If you are not already logged in, you will be redirected to the Slingshot account login page to log in.
 - b. Alternatively, on the Slingshot Portal homepage, go to **Manage > Activations > New Hardware Activation**.
2. Assign your device to a company.
3. Enter product information, including the barcode and information about the device.
4. Select a Slingshot system to add the device to or create a new system.
5. Configure your device.

Further Product Configuration & Updates

Further instructions can be found on the [Raven Customer Portal](#). Visit the portal to download the most up-to-date documentation, manuals, and software for your product.
